Work Experience

2022 - 2025 **Product designer at Sketch Brahma Technologies**
Bangalore, India

- Worked on multiple projects for website and app design, collaborating with clients including Ather Energy, Medibuddy, Mahindra Yabx, and Wisedrive.
- Contributed to the end-to-end design process from research to prototyping and testing.

2023 - 2025 **Product designer at Ather energy**
Bangalore, India

- I worked as a product designer at Ather, part of the Offshore Development Center (ODC) via Sketch Brahma Technologies.
- Redesigned the phone number-based login, increasing login success rate from **32% to 68%**.
- Improved the Test Ride flow, resulting in an **8%** TRB-to-TRD conversion rate (exceeding the 6% target).
- Revamped the Ather Shop mobile UX, increasing conversion rate from **0.28% to 0.39%.**
- Managed product shoots as Creative Director for the website design team.

2022 - 2023 **Product designer at Medibuddy**
Bangalore, India

- Conducted foundational research and designed the Meds Refill feature.
- Created UI for Meds Order Tracking
- Ideated the Diagnostic Centre's flow for the Labs pod.

2021 - 2022 **UI Design Intern at Novatium Solutions**
Chennai, India

- Designed UI for a Learning Management System for Management Control as a Service.
- Collaborated with Project Managers, developers, and testing teams.
